## MAY HAVE MORE SUGAR NOW

## Household Allowance Is Increased to Three Pounds a Month a Person.

Increase in the sugar allowance from two pounds a month to three pounds a month for each person in the household is announced by F. B. Mumford, federal food administrator for Missouri. Hotels, restaurants and other public eating places will be allotted sugar on the basis of three pounds for each ninety meals served instead of two pounds as heretofore.

Instead of buying sugar only in two pound purchases, consumers may now obtain a month's supply at one time on the basis of three pounds for each person in the household if they so desire.

These changes in the sugar regulations, which are effective now, were made as a result of an increase in the available supply, the patriotic conservation of consumers in the last four months. In raising the household allowance, the Food Administration makes good its promise to do this as soon as the supplies warranted.

## Another Liberty Loan Coming.

Secretary of the Treasury McAdoo has announced that, no matter what the results of the pending overtures for peace may be, there will be another Liberty loan. To use his expression, "We are going to have to finance peace for a while just as we have had to finance war."

There are over 2,000,000 United States soldiers abroad. If we transport these men back to the United States at the rate of 300,000 a month, it will be over half a year before they are all returned. Our Army, therefore, must be maintained, victualled, and clothed for many months after peace is an actuality.

The American people, therefore, having supported the Liberty loan with a patriotism that future historians will love to extol, will have an opportunity to show the same patriotism in financing the just and conclusive victorious peace whenever it comes.

Not for one moment, however, is the Treasury acting on any assumption that peace is to come soon. Until peace is actually assured the attitude of the Treasury and the attitude of the whole United States Government is for the most vigorous prosecution of the war, and the motto of force against Germany without stint or limit will be acted up to until peace is an absolute accomplished fact.

One more Liberty loan, at least, is certain. The Fourth loan was popularly called the "Fighting Loan;" the next loan may be a fighting loan, too, or it may be a peace loan. Whatever the conditions, the loan must be prepared for and its success rendered certain and absolute. begin now to prepare to support it.

## The United War Work Drive.

When Dr. Mott offered to establish a few "Y" huts for the French army the French Government rejected the offer as sentimental nonsense. When the French Government saw what the "Y" was doing for the morale of the American troops, it asked him to try the experiment. From a few dozen he has increased them to six hundred; and the Government is entreating him to increase them to two thousand. Your letters may not reach the boys for months, but the "Y" reaches them every day. We have been setting a pace in the care of our boys that has arrested the attention of the world. We must keep up the pace. We must hold up our end, if we want to talk of "unconditional surrender" with good grace.
